**PETITION TO MAKE SPECIAL UNDER MPEP SECTION 707.02**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Supervisory Patent Examiner,

Applicant has several patent applications that have been pending for more than 5 years. MPEP Section 707.02 provides that:

[a]ny application that has been pending five years should be carefully studied by the supervisory patent examiner and every effort should be made to terminate its prosecution. In order to accomplish this result, the application is to be considered "special" by the examiner.

Applicant respectfully requests that the pending applications identified in the attached table be considered "special" by the Examiner assigned to these cases under MPEP Section 707.02. Further, Applicant respectfully requests an interview with the

Supervisory Patent Examiner and Examiner assigned to these cases to review the applications and formulate a plan to expeditiously prosecute each of the pending applications to a final conclusion. The undersigned respectfully requests that the Supervisory Patent Examiner kindly call the undersigned to schedule the interview. The undersigned called the Supervisory Patent Examiner and the Examiner on April 1, 2010, and proposed dates for interviews on April 15<sup>th</sup> and April 16<sup>th</sup>. Because these cases are related under Section 120, Applicant requests interviews addressing all the cases on consecutive days.

It is believed that there are no fees in connection with the submission of this petition; however, in the event the Patent Office determines that fees are necessary, please charge them to Berry & Associates P.C.'s Deposit Account No. **50-1636**.

Respectfully submitted,  
BERRY& ASSOCIATES P.C.

Dated: April 3, 2010
